### THE SMU SCHOOL OF ENGINEERING E-PROFILES

Who are SMU engineering students and what do they do?

Our students are studying everything - from biomedical engineering to structural engineering. And they're involved in lots of activities outside the classroom - from the tennis team to Greek life. Browse the following "e-profiles" to get a feel for the many talented engineering students at SMU, both undergraduate and graduate.

If you know a student who would make a good e-profile, let us know at [enews@engr.smu.edu](mailto:enews@engr.smu.edu).

Start browsing or select an individual student below:

- [Austin Curry](#) - Electrical Engineering and Math, 2004
- [Stacey Elliott](#) - Ph.D candidate in Computer Engineering
- [Judah Epstein](#) - Electrical Engineering, 2005
- [Payam Khashaee](#) - Ph.D. candidate in Mechanical Engineering, 2003
- [Kristie Knapp](#) - Mechanical Engineering, 2005
- [Heidi Lanas](#) - Information Engineering and Management, 2004
- [Monuplea Makor](#) - Electrical Engineering with a Biomedical Specialization, 2006
- [Abby Paulson](#) - Mechanical Engineering and Math, 2004
- [Andrew Rissing](#) - Computer Science and Math, 2004
